## John Bobbitt Gets Revenge-- Tit For Tat In Gruesome Assault

John Bobbitt was arrested last night after police responded to an emergency call from Bobbitt's wife, Lorena. Police arrived at 11:34 PM to find Mrs. Bobbitt screaming in pain, pointing at her husband, and claiming that he had cut off her vagina.

"We dusted inside her vagina and found Mr. Bobbitt's fingerprints," said Officer Jack Michaelson, sporting a huge boner. "Of course, they also found my fingerprints, but that's not important."

Sources at *A Cunt Affair* claim that Mr. Bobbitt spoke of his intentions, in a segment that is scheduled to air this Friday. However, *A Cunt Affair* spokeswoman Eileen West declined to have sex with me.

Early this morning, Mr. Bobbitt's attorney spoke with *The Testicle*, but I'm not quite sure what he said, as I wasn't invited to the meeting. Mr. Bobbitt was acquitted earlier this month on charges of sexual abuse; his wife is still awaiting a verdict on charges of Penile Diminishing, which could carry with it up to 10 years in prison for violation of the Penal Code.

Mr. Bobbitt told authorities that he was in such shock following the incident that he drove 2 miles before he realized he still had his wife's vagina in his hand. At that point, according to his testimony, he panicked and threw the vagina out the window of his car. The vagina was recovered on the side of the road and was rushed to Master Bates Hospital, where medical experts are determining whether or not it can be surgically reattached. Hugh G. Rection, a Master Bates spokesman who prefers to work alone, said the hospital is used to sticky situations, and that he came as soon as he could.

New York

**17-year-old Amy Fisher (a.k.a. "The Long Island Lolita") was released from jail yesterday and immediately married in a brief ceremony to Rodney King, with whom she became pen pals while serving time for shooting Mary Joe Budafucco. Amy announced she will take Rodney's surname and henceforth go by the name Amy Fisher King. Siskel and Ebert gave the wedding two thumbs up.**

"I think we are going to have a beautiful life and beautiful babies together. Rodney is the most sensitive and intelligent man I have ever met, and he has an enormous (see p. 4)
